*Esteemed Partners,  
Dear IG Members Representatives,*

Renewing our appreciation for the fruitful cooperation developed between our institutions in field of scientific research and education, I would like to extend our greetings on behalf of the academic community of Romanian Naval Academy “Mircea cel Batran”.

Considering the ongoing interest for the scientific research and innovation proved by our institutions and by your academics in the past decades, it makes me a great pleasure to launch the first call for the **11<sup>th</sup> edition of the International Scientific Conference SEA-CONF 2025**, organized by Romanian Naval Academy “Mircea cel Batran”, during 15<sup>th</sup>-17<sup>th</sup> of May 2025 (<https://www.anmb.ro/ro/conferinte/sea-conf>).

As during the previous editions, on this occasion, valuable scientific paperwork will be disseminated, the selected articles following to be published in the Scientific Bulletin of the Naval Academy (<https://www.anmb.ro/buletinstiintific/eng/home.html>), for a higher visibility within the international scientific research area. Prestigious institutions will be represented and soundness authors will attend the event, seeking to share their innovative ideas from a wide range of areas of knowledge either from engineering fields of study, or from the wider domains of military sciences, management, logistics, or humanities and fundamental sciences.

More details regarding the conference administrative and the papers submission deadlines are available on the event webpage: <https://www.anmb.ro/ro/conferinte/sea-conf>.

We will be further delighted to welcome you and your academics to join the International Scientific Conference SEA-CONF 2025!

*Sincerely Yours,*

COMMANDANT (RECTOR) OF THE ROMANIAN NAVAL ACADEMY

REAR ADMIRAL (ROU N) Alecu TOMA  
Associate Professor, PhD
